PARAMOUNT SECURITY SOLUTIONS LTD

PROTECTION OF THE PUBLIC POLICY

Scope of Policy

Paramount Security Solutions Ltd recognizes its responsibility to the wider community and the role it has to play in protecting the public.

Implementation

To support this all our licensed officers, receive awareness training in the Operation Fairway initiative which is designed to encourage members of the community to work in partnership with the police to deter and detect terrorist activity and crime.

All our officers are trained and empowered to recognise and report suspicious activity and behavior to the police.

There is also an expectation that if in the course of their day-to-day duties our officers see evidence of criminal activity or anti-social behavior, they will report it directly to the local police. In the event that they do identify such incidents the officers are instructed they must not put themselves at risk of harm or injury. The officers have also received a similar instruction if they identify vulnerable people that may require protection to ensure their safety.

Paramount Security Solutions Ltd are aware of the threat of a terrorist attack throughout its business activities and has taken steps to identify risks to assist in preventing, handling, and recovering from such an incident.
